

ZHIHAN JIN

(+41) 76 725 18 34 \diamond pascalprimer@gmail.com

RESEARCH INTEREST

My research interest lies broadly in Discrete Mathematics, including Ramsey theory, algebraic and probabilistic Methods in Combinatorics, and the applications in Theoretical Computer Science.

EDUCATION

ETH Zürich

October 2022 -

- PhD in Mathematics
- Supervised by *Prof. Benny Sudakov*

ETH Zürich

September 2020 - August 2022

- Master of Computer Science
- GPA: **5.89/6**

Shanghai Jiao Tong University

September 2016 - June 2020

- Bachelor of Engineering in Computer Science and Technology, **ACM Honors Class**, Zhiyuan College
- **ACM Honors Class** is an elite CS program for **top 5%** talented students in SJTU¹.
- Advisor: **Yong Yu**
- GPA: **91.31/100 (3.93/4.3)** Rank: **3rd/37**.

SUBMITTED PAPERS

Michael Anastos, Zhihan Jin, Matthew Kwan and Benny Sudakov, Extremal, enumerative and probabilistic results on ordered hypergraph matchings.

Lior Gishboliner, Zhihan Jin and Benny Sudakov, Ramsey problems for monotone paths in graphs and hypergraphs.

Recep Altar Çiçeksiz, Zhihan Jin, Eero Rätty and István Tomon, Exponential Erdős-Szekeres theorem for matrices.

Lior Gishboliner, Zhihan Jin and Benny Sudakov, The Minimum Degree Removal Lemma Thresholds.

PUBLICATIONS

Zhihan Jin and István Tomon, Semi-algebraic and semi-linear Ramsey numbers, *Journal of Combinatorial Theory Series B*. 163 (2023), 54-82.

Zhengfeng Ji, Zhihan Jin and Pinyan Lu, Approximating Permanent of a Random Matrix: Made Better and Simpler, *SODA* 2020.

Surbhi Goel, Aravind Gollakota, Zhihan Jin, Sushrut Karmalkar and Adam Klivans, Superpolynomial Lower Bounds for Learning One-Layer NeuralNetworks using Gradient Descent, *ICML* 2020.

HONORS AND AWARDS

Honors

- **Merit Student, top 3%** all-round students over 17,000 in SJTU. *2018*

Scholarships

- **CSC-IBM Excellent Student Scholarship, 40** over all students in China; *2019*

- **The Kaiyuanlizhi Scholarship, 0.2%** over 17,000 students in SJTU; *2018*

- **Zhiyuan College Honored Scholarship, 5%** over 17,000 students in SJTU; *2016, 2017, 2018*

- **National Scholarship, the highest honor for the top 0.2%** undergraduates in China; *2017*

- **The Hanyingjuhua Scholarship, 0.2%** over 17,000 students in SJTU; *2017*

- **Changzhou Mettler Toledo Scholarship, 12** students in Changzhou, Jiangsu. *2016*

Competitive Programming Contests

- **2nd** in The 2017 ACM-ICPC² Asia Hong Kong Regional Contest; *2017*

- **Gold Medal** in The 2017 ACM-ICPC Asia East Continent League Final, Shenyang Regional; *2017*

- **Gold Medal** in The 2017 CCPC³-Final, Qinghuangdao Regional; *2017*

- **3rd** in The 2016 ACM-ICPC Asia Beijing Regional Contest; *2016*

- **3rd** in The 2016 CCPC Hefei Regional Contest; *2016*

- **Gold Medal** in The 2016 ACM-ICPC Asia China-Final Contest. *2016*

TEACHING EXPERIENCE

Teaching Assistant of Graph Theory, ETH Zürich *Spring 2023*

Teaching Assistant of Probabilistic Methods of Combinatorics, ETH Zürich *Autumn 2022*

Teaching Assistant of Mathematics for the Information Age, SJTU *Summer 2019*

Student Coach of SJTU ACM-ICPC Teams, SJTU *Spring 2019*

Student Coach of SJTU ACM-ICPC Teams, SJTU *Autumn 2018*

²Association for Computing Machinery-International Collegiate Programming Contest

³China Collegiate Programming Contest
